

# Every Drop Counts Rainwater Harvesting Tour

Tour rainwater collection systems from the north end to the south end, small to large, simple to high tech. See page 2 for details on each stop.

## 2017

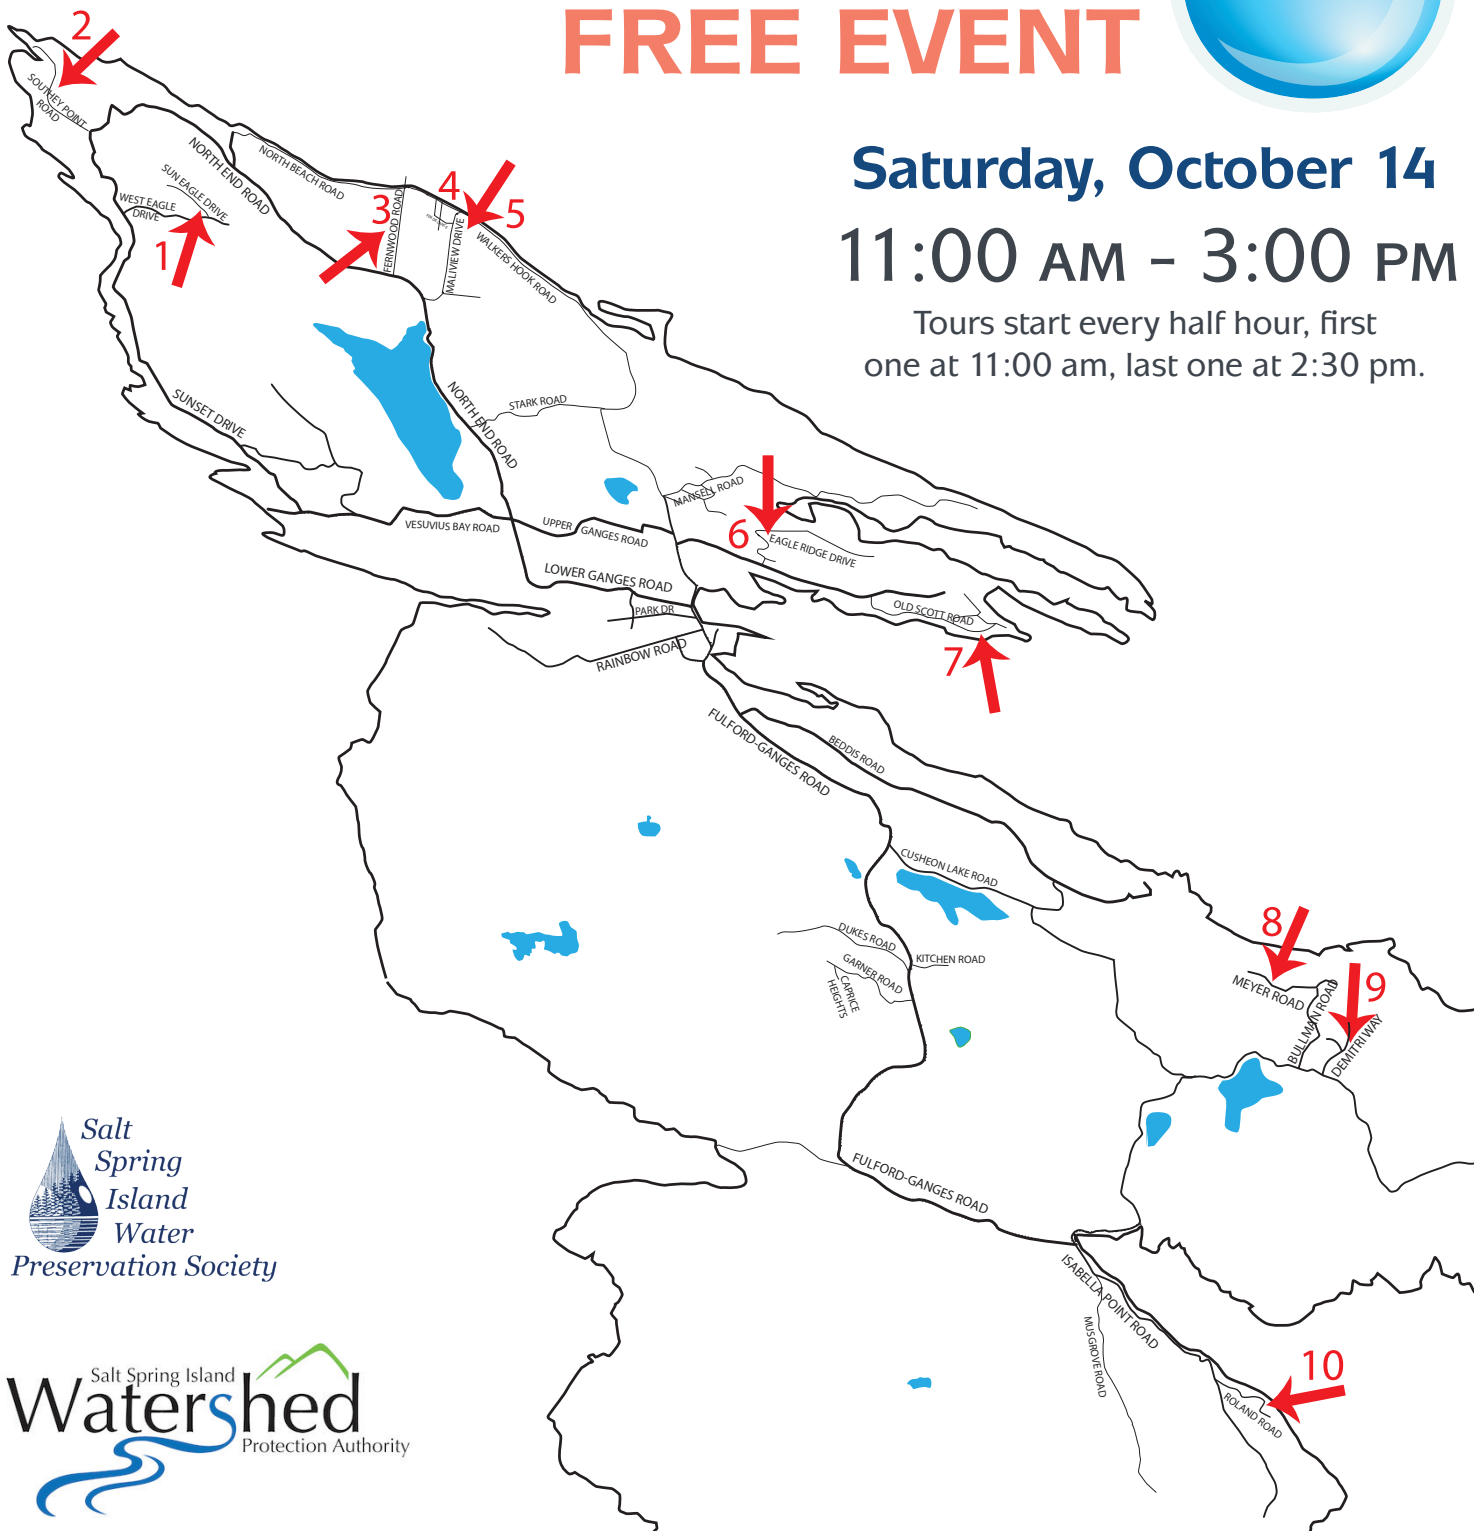

### FREE EVENT

### Saturday, October 14

### 11:00 AM - 3:00 PM

Tours start every half hour, first one at 11:00 am, last one at 2:30 pm.

# This is a self guided tour on October 14, 2017

You may visit any or all of these homes in any order. Homeowners have agreed to offer guided tours of their rainwater harvesting systems on the hour and half hour starting at 11:00 am. If you arrive between tour times feel free to join a tour in progress or wait for the next tour.

**Please note:** This is an outdoor tour only. Please respect your hosts' property.
